

Reorder Pages

1. To reorder pages, click the crosshair icon at the top right-hand corner of the page. A new panel will slide out.
2. Next, using the arrow icon, click, hold and drag the pages into their new order.
3. Make sure to **Save**.

Visit our related articles to learn about [re-ordering answer options](#), re-ordering [grid rows](#), or re-ordering [questions](#).
