

Remove the Border Line Between Questions

Most themes include a border line that separates one question from another. If you wish to remove this line you can do so for the entire survey or question by question

Remove this line in your entire survey

Go to **Style > Layout > Layout Options** and uncheck the option to **Show Question Borders**. Click **Apply Changes**.

To remove the border between just two questions

You'll need to first create a CSS class name. Edit the question where you would like to remove the bottom border and enter a class name in the **CSS Class Name** field on the **Layout**. This is just a word that you will use later in the CSS for your theme. In this example, we'll use **hideborder**.

CSS Class Name:

Next, go to the **Style** tab and scroll to the bottom of the survey preview. Click the link to access the **HTML/CSS Editor** and paste this code in the field on the **Custom CSS** tab.

```
.hideborder {  
border-bottom: none;  
}
```
