- Area Chart
- Area Spline Chart
- Scatter Plot

## Available Options for Histograms

There are a number of options available for histograms.

**Filter**

First, if you wish to filter the data that displays for an individual histogram chart, click **Filter** to the right of the element and use the logic builder. Learn more about filtering an individual element.

- If you wish to display the specific details of your filters below your chart check the **Show Details of Filter with Report Element** checkbox below the logic builder.
- You will also see an option to filter this element by **Survey Link or Campaign**. This filter option will allow you to only include data in this element that was collected via a specific link (or links).

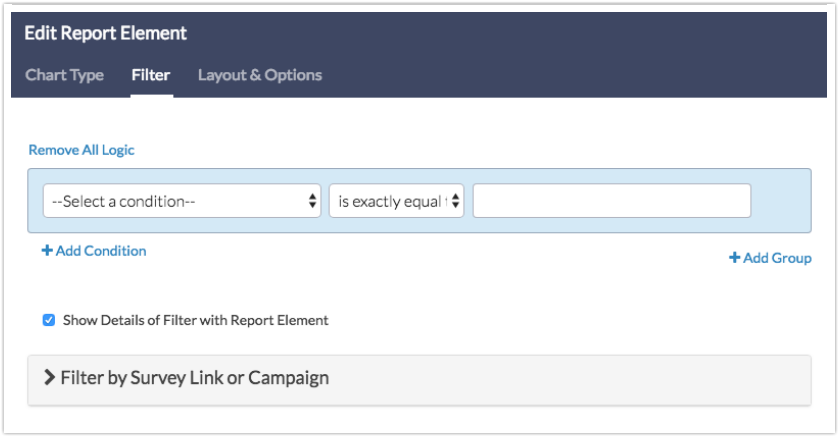

**Chart Type Tab**

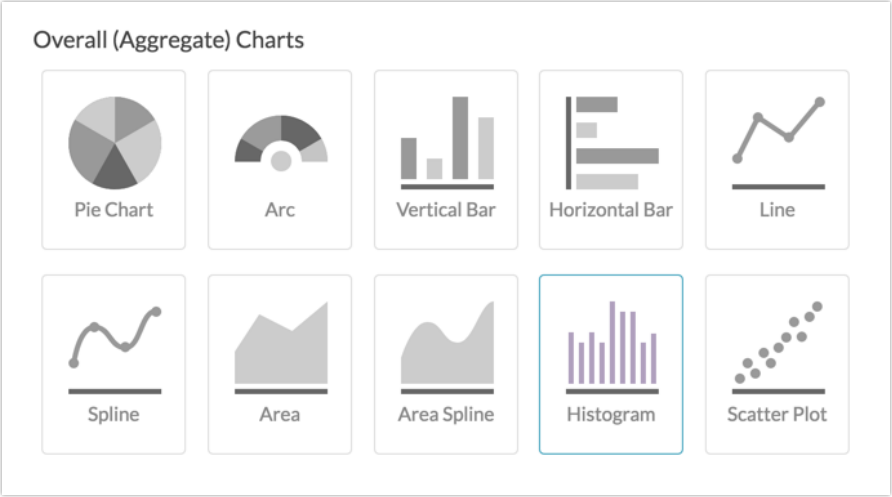
If you want to explore other compatible chart types, click **Chart Type** to the right of the element and select a different chart type from the available options.



**Layout & Options Tab**

To explore even more options, review the settings available within the **Layout & Options** section.

**Question Options**

- **Chart** - Include or exclude the main chart.
- **Statistics** - See below list of available statistics for this chart type.

**Chart Options**

- **Chart Size** - You can adjust the chart size small, medium, or large.
- **Axis Values** - Elect to display **Option Counts** rather than the default **Option Percents** for your axis values.

## Available Statistics

- Total Responses
- Hidden Count
- Skipped Count

If reporting values are numeric the below statistics are available.

- Sum
- Average
