Available Options for Vertical Bar Charts

There are a number of options available for an individual vertical bar chart.

Filter Tab

First, if you wish to filter the data that displays for an individual vertical bar chart, click **Filter** to the right of the element and use the logic builder. Learn more about [filtering an individual element](#).

- If you wish to display the specific details of your filters below your chart, check the **Show Details of Filter with Report Element** checkbox below the logic builder.
- You will also see an option to filter this element by **Survey Link or Campaign**. This filter option will allow you to only include data in this element that was collected via a specific link (or links).
