## Leading Practices and FAQs

Want to see how to take projects from good to great? Check out our [Leading Practice & FAQ Home Page!](#)

You can access the Alchemer login page at <https://app.alchemer.com/login/>. You will log in with the email address/password combination that you signed up with. We recommend bookmarking this link for easy access down the road.

The screenshot shows the Alchemer login interface. At the top left is the Alchemer logo in orange. Below it is a white box with the heading "Welcome Back!". There are two input fields: "Email" with a "Need an account?" link and "Password" with a "Forgot your password?" link. The email field contains "username@example.com" and the password field contains "\*\*\*\*\*". A green "Log In" button is positioned below the password field. At the bottom, there is a link for "Log In Using Your Identity Provider" with the text "Are you using Okta, Ping, or SAML?" above it.

You can also log in via the Alchemer [homepage](#) by clicking the **Login** button in the upper right. Don't remember your password? Click the **Forgot your password** link and provide your email to receive a password reset link in your inbox.
