

Alchemer Application Status Page- FAQ and Troubleshooting

Alchemer maintains a page that will alert you to any non-operational parts of the application as well as any downgraded performance we are experiencing. We try to keep this page as current as possible, so it is a good place to look if you are experiencing any issues with the application.

You can also subscribe to get email notifications, SMS text, or an RSS feed of these updates in the upper right hand corner of that page.

The image shows a subscription form for updates. At the top, there is a blue button labeled "SUBSCRIBE TO UPDATES". Below this, there is a row of five icons: an envelope (email), a telephone handset (SMS), a speech bubble (chat), an RSS symbol, and a social media 'x' icon. Underneath the icons, the text "Get email notifications" is displayed. Below this text is a text input field with the placeholder "Email Address". At the bottom of the form is a blue button labeled "SUBSCRIBE VIA EMAIL".
