Alchemer Release Notes: March 29, 2022

Below is this week's log of fixes and improvements:

Improvements

[Update] – Updated branding on the **Account Summary** page to reflect Alchemer.

[Performance] – Added functionality so that an account administrator can easily assign users on a single page.

[Update] – Updated the link in Account > Summary for "execute a DPA." This now reflects the expected Alchemer link.

[Update] – Updated reply-to email address to be the expected noreply@alchemer.com

[Performance] – Enhanced functionality to prevent customers from submitting multiple requests for authorization to send emails from the platform.
