Alchemer Release Notes: July 11, 2022

Fixes

[Fix] – Fixed an issue so that the Date Submitted that is displayed in Individual Responses is updated when a respondent clicks on a Next or Submit button in a survey. The Date Submitted will not update when the response is otherwise edited, including through the Individual Responses page and the surveyresponse API. Learn more

[Fix] – Fixed an issue so that the Date Submitted that is displayed in Individual Responses when responses are imported via the Import Data feature will be updated to the date specified in the import file. If no date is specified in the import file, the Date Submitted will be the time of import. Learn more
