

List of All Alchemer Integrations

Alchemer knows that every organization—and department within it—has different processes, software platforms, and goals. That's why we've made it easy for you to connect feedback data into the same platforms and processes in a way that makes sense for you, putting feedback in the hands of those who can take action on it.

Integrations

Apptimize

[Alchemer Digital | Apptimize Integration](#)

With Alchemer Digital and Apptimize, you can:

- Automatically collect Apptimize A/B experiment data as custom device data available for use in interaction targeting and exports.
