

# Tremendous Integration for Alchemer Survey

The Alchemer Tremendous Integration is available as an add-on. If you are interested in purchasing the Tremendous Integration, please [contact us](#) for additional information.

At a high-level, Alchemer's integration with Tremendous allows you to easily:

- Send a Tremendous reward from an Alchemer survey.

## Adding an Integration Action

1. Select an existing survey or create a new survey. Then navigate to the Survey Builder.
2. Click "Add New: Action"

You cannot add this Integration Action to the first page of the survey.

3. In the Add Action modal, scroll down to Integrations. Then click "Add" for one of your purchased integrations.

If you haven't purchased any additional integrations, you will see the below screen:

## Integrations

ⓘ Don't see what you're looking for? [Explore our integrations](#)

4. Select the action you would like to perform.

- Send Tremendous reward

## Tremendous | Send Reward

Before configuring this integration action, you will need:

- Your Tremendous API key
- At least one reward setup and funded in your Tremendous account
- Fields in this survey that contain information about the person who should receive the reward (name, email, etc.)

Your browser does not support HTML5 video.

1. Select "Send Tremendous reward" for your action.

2. Click next on the integration overview screen.

3. Authenticate with your Tremendous account. Click "Add a new account" then name your authentication and add your Tremendous API key.

4. Select your Tremendous environment. Then click "Create".
